MEMORANDUM FOR: Director of Special Operations
Office of the Secretary of Defense

SUBJECT : Rosters of Inactive Duty Employee Reservists of the
Central Intelligence Agency

REFERENCES : (a) 8 Sep 55 Report of Defense Ad Hoc Committee on
a Military Reserve Policy for CIA

(b) 13 Oct 55 Memo for the Special Assistant to the Secretary of Defense for Special Operations from the DDCI, "Reserve Policy for the CIA" *DDS 56-2488A*

(c) 3 Dec 55 Memo for the Special Assistant to the Secretary of Defense for Special Operations from the DDCI, "Military Personnel Mobilization Requirements for the CIA" *DDS 55-2872*

1. The rosters of Agency employee reservists not presently on active duty, arranged in the three mobilization categories recommended by the Defense Ad Hoc Committee (reference a), are submitted for review and forwarding to the military departments. Due to the sensitivity of these rosters from a security standpoint, they must be given limited distribution on a need-to-know basis.

2. Mobilization categories, as recommended by the Committee and used in the compilation, are as follows:

a. Category 1 - A military reservist available for recall to active duty and assignment to the Agency to fill a military mobilization manpower requirement in CIA approved by the Secretary of Defense.

Category 2 - A military reservist available for recall to active duty and assignment to a military mobilization manpower requirement in the services.

Category 3 - A military reservist deferred from recall to active duty to continue in current civilian occupation. *129*

b. Retired reservists employed by the Agency are included in a separate listing with mobilization category shown.

3. The rosters, which will be amended from time to time as required, represent completion of the second major step requested of the Agency in the Ad Hoc Committee report. A third step recommended by the Committee involves submission of lists of former employees believed to have current reserve status and present civilian employees recommended for appointment in the Armed Forces to help fill the gap between the Category 1 group and Agency total military requirements. This will be held in abeyance pending acceptance of the Agency military requirements, which were filed with your office on 3 December 1955 (reference c).
